

SHIVA REDDY TANGELLA

CAREER OBJECTIVE

Motivated Java Developer with a solid foundation in Java and the Spring framework, complemented by hands-on experience in developing and maintaining web applications. Seeking a challenging position where I can leverage my skills in both front-end and back-end development, contribute to innovative software solutions, and drive projects to successful completion while pursuing continuous professional growth.

PROFESSIONAL EXPERIENCE

Jr.Java Developer

Maxisit Inc, Hyderabad, Telangana

Nov 2022 – Present

- Developed and maintained robust web applications utilizing Java and the Spring framework.
- Collaborated with cross-functional teams to define, design, and implement new features in an Agile environment.
- Participated in daily stand-ups and sprint planning sessions to enhance team productivity.
- Designed and implemented RESTful APIs with Spring Boot for seamless front-end and back-end integration.
- Conducted extensive backend upgrade research on Spring, Hibernate, and Java, successfully integrating Spring and Hibernate 5 with JDK 17 into existing applications.
- Led a critical Spring and Java upgrade project, resolving bugs and integrating security updates to enhance overall code quality.
- Addressed key vulnerabilities identified by SonarQube, contributing to improved application security and performance.
- Conducted code reviews and facilitated knowledge-sharing sessions to enhance team collaboration.
- Evaluated and integrated Gen-AI tools, notably implementing Tabnine with Eclipse to optimize developer productivity.

PROJECTS

FOOD BOX (CAPSTONE PROJECT)

E-commerce Website for Food Ordering

- Overview: Developed a dynamic online food delivery web application enabling users to order food from various restaurants.
- Key Features:
 - User Registration & Login
 - Search and Filter functionality for food items
 - Shopping Cart and Checkout processes
 - Payment Gateway integration
 - Admin panel for CRUD operations on food items
- Technologies: Java, Spring Boot, HTML/CSS, JS, MySQL, Angular
